HARBOR DAYS

It was a full weekend for lovers of the bustle of activity as the Mattapoisett Lion's Club, once again, mounted the Harbor Day weekend in a spectacular heat wave. The weather proved a bonanza for the Lion's chowder supper and breakfast as people flocked to Shipyard Park to avoid preparing meals in their super heated homes and to enjoy food with a view under the big top right on the edge of the harbor. The chefs did themselves proud with their New England

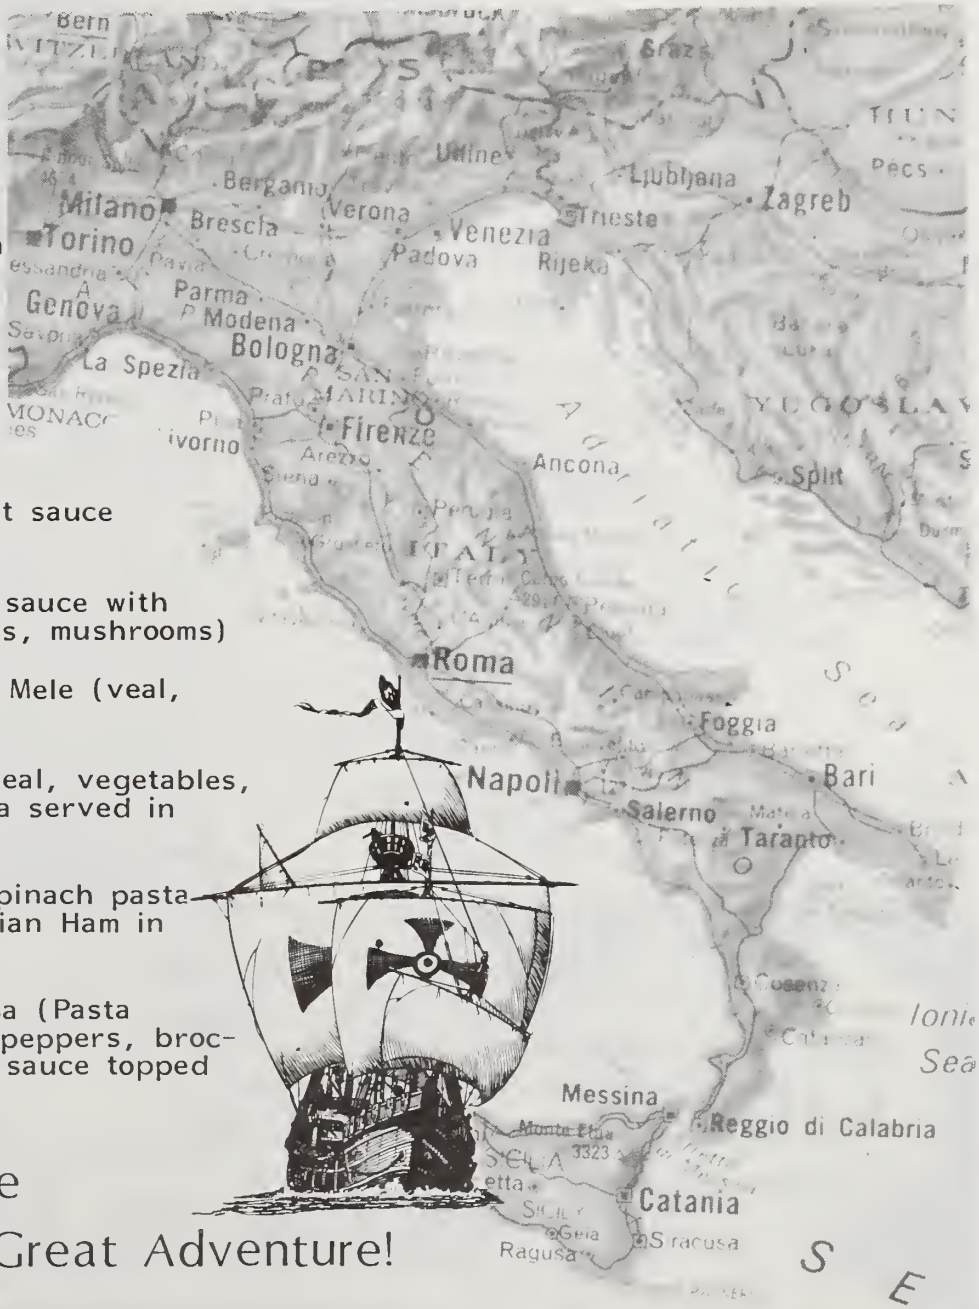
Great Adventures Began in Italy ...

From the Romans, Marco Polo, Columbus to The Pasta House ... the best of Italian tradition has been carried to the rest of the world.

Treasured recipes handed down by generations of great Italian cooks (and our own home-made Pasta) make the Pasta House the only choice for excellence beyond compare.



May we suggest:

Pasta Con Vongole (a light sauce with chunks of clams)

Pasta Tutto Mare (a light sauce with shrimp, crab meat, clams, mushrooms)

Scaloppine de ViTello a le Mele (veal, apples in cream sauce)

Scaloppine Don Quixote (veal, vegetables, Prosciutto and Mozzarella served in parchment paper)

Paglia e Fieno (Egg and spinach pasta with mushrooms and Italian Ham in butter and cream sauce)

Rotelle Primavera Con Salsa (Pasta Swirls with mushrooms, peppers, broccoli and zucchini in red sauce topped with Parmigiano cheese)

WE ARE NOW OPEN MONDAY-FRIDAY 10-6...SATURDAY 9-5

On Saturday, August 3rd, there will be an open house at the church, showing off her restored interior. From 1 to 4 the doors will be open and townsfolk will be free to wander about, listen to sacred music, taste free goodies, and, as an added interest, the Historical Society will set up a small exhibit of period clothing. Outside the church join in a game of horseshoes, have some free watermelon, and the children may join in several old fashioned games.

The church is almost Shaker in its simplicity, the open house, the food and the games will reflect that old fashioned simplicity. Everything is free, everyone is welcome.

The "Old North" has begun having services every Sunday at 10 a.m. We have Lay Preachers most of the time, but a visiting minister occasionally. Membership is growing, and includes families from Rochester, Middleboro, Lakeville, Freetown and Carver, just as it did when it was built in 1841.

August at Museum

Please mark your calendar for these special events at the Museum and Carriage House in August.

The special exhibit for the month of August will feature old baskets, quilts and coverlets from the Museum collection as well as from local attics. Adding to this exhibit will be special flower arrangements prepared by members of the Garden Group of the Mattapoisett Woman's Club.

On August 12th at 6:30 p.m. a second Historic Walk around the village will take place. This walk will take us along Church Street to North to Water, up Barstow and back to the Museum. Nothing there, you say? Come along and find out more interesting trivia about Mattapoisett's past. Space is limited to 30, so call the Museum (758-2844) to make your reservation.

August 13, 2 to 4 p.m., will be the Museum Lawn Tea. You may recall that we held a tea last year in conjunction with our Tea Exhibit. It was so successful that we are having another this year. We hope to have "experts" on hand to answer your questions

The Society encourages all Marion residents and those interested in local history to purchase this interesting book. In the book, H. Edmund Tripp offers his historical insights on Marion, the town that has been his home since 1903. As curator of the Sippican Historical Society, he has tirelessly researched, documented and preserved the town's heritage through most of his 87 years. From Sippican's earliest beginnings at Minister's Rock in the 1600s to the recent, exciting past including the 1938 hurricane, he has compiled an unrivaled collection of photographs, newspaper articles and memorabilia, many of which are elaborated on in the new book.

Selectmen's Meeting

MOMENT OF SILENCE FOR A. PELSON

Mattapoisett Selectmen Chairman John N. DeCosta opened the selectmen's meeting last Tuesday with a request for a moment of silence in memory of Anthony "Tony" Pelson of Barstow Street who had passed away that day. Mr. DeCosta said that Mr. Pelson would be sorely missed as a man always active in community affairs. He said that, in past years, Mr. Pelson had served on the sports committee, had been president of the Parent-Teachers' Club and had been a member of that organization for many years.

Mr. DeCosta said that Tony's active interest in the town had been reflected at town meetings where he had been a frequent speaker on subjects of interest to him. When Robert Bennett died, Mr. DeCosta said, Tony had taken up the unselfish service that Mr. Bennett had started in raising and lowering the library flag. Mr. DeCosta said in recognition of this valuable service he had taken the liberty of ordering the Mattapoisett Library flag flown at half-mast as soon as he heard of Mr. Pelson's death.

He mentioned that due to the generosity of Mr. Pelson the Town Hall had been enhanced with 3 stained glass windows that are much admired by visitors and residents of the town. Mr. DeCosta said that the Board of Selectmen extends its deep thanks for all of the contributions that Mr. Pelson

JULY 16, 1991

The selectmen discussed the vendor situation at the town wharf. Selectman John DeCosta said that he and Executive Secretary Carol Adams had ridden to the wharf, looked over the options for transient vendor parking which were discussed with Harbormaster Steven Mach who had suggested two locations which would not interfere with other wharf activities. One location is in the back of the dinghy storage area, the other is to the west of it on the wharf. The selectmen agreed that these locations seemed feasible but requested that Selectman Paul Lambalot meet with Police Chief James Moran to obtain his ideas on the location and also the enforcement. Mr. Lambalot suggested that the marking of the area could be temporary and removable and that the regulations could be made up in written form to be given to the transient vendors who normally only appear when special events draw a crowd to the wharf. The "Ice Cream Slip", which operates under contract to the town, selectmen would locate where it has been for years. This business, operated by Dana Tripp, is on the same location every day and is not in the transient classification. Selectmen will make no final decision until Mr. Lambalot can meet with Chief Moran and report back to the board.

In other business, selectmen:

INSECT PROTECTION for CHILDREN

- "controlled release" pharmaceutical product
- hours of protection from mosquitoes and ticks
- minimizes dermal absorption of the active ingredient

Molecular Entrapment Technology

The proprietary "molecular entrapment technology in Skedaddle works to surround the active ingredient in a protective chamber of **natural** ingredients. Molecular entrapment provides for extremely efficient evaporation of the repelling ingredient, releasing it from one or two microscopic openings in the chamber. Because the active repelling ingredient is released slowly, a relatively minor amount can be used for longlasting efficacy.

- **High repelling efficiency to low active ingredient ratio**
- **Reduction of dermal absorption by approximately 72%**
- **Refinement of product feel and scent**

that brings out their creativity and gives them an interest that is vital to their well-being and consumes their interest as much as or more than their lifelong careers.

Anthony "Tony" Pelson, who died last Tuesday, was one of those artists who created things of such beauty that it mattered very little that he had only 10 years to develop and refine his talent. Mr. Pelson, upon his retirement, learned the art of leaded glass construction and from that point his art was his passion. In 10 short years he created work that will endure and will be admired by everyone who is fortunate enough to own a piece or to have received one as a gift from this productive and generous artist.

Look at our Town Hall. In the front the centerpiece is the head of an indian. On the south side is the lighthouse window and the "Wanderer" window. Both enhance the handsome building and both were gifts to the town. At our new police station the entrance hall is decorated by another beautiful example of stained glass This was probably Tony's last major piece of work and had not yet been dedicated because he became gravely ill before that event could take place. Robert Cattley and by Peter Francoeur of Cape Cod Cabinet who collaborated on the beautiful light box frame. These were gifts, the fruit of a talent that took light together with beautiful glass and fused them into glittering "jewels" that will endure.

At the Memorial service on Saturday, celebrating the life of Tony Pelson, Selectman Daniel Mahoney spoke eloquently, as a new friend, of Mr. Pelson's role in the government of the town, of his active participation in the town meeting process and in all of the various issues of concern to people here. He mentioned the few words Tony spoke at our last year's town meeting that carried the day to preserve this season of band concerts. This summer as you enjoy the band music think of Tony Pelson.

As an old friend, David Goodenough recalled all the light and happy days; the family mountain climbing, the breakfasts at Ned's Point where he said they decided that "happiness was an egg drooling down your arm".

Like a beautiful stained glass window, life has many facets and all shine with a glow that warms people. Tony Pelson had the satisfaction of creating something very warm indeed in his art, in his friends and in his town. DCJ

From Road Race Committee

A record 617 runners signed up for the 21st annual Mattapoisett Road Race run on the Fourth of July.

The overall winner in this year's race was Paul Bolick in a time of 25:43. The first female finisher was Ann Ford in 28:59.

The two first place winners were awarded original oil paintings by John Kelley, the elder statesman of marathons donated by the Fairhaven Savings Bank.

The committee would especially like to thank our major sponsors as well as the Town of Mattapoisett, Police, Rescue, DPW, and Water Department, Bruce Rocha, Chase Canvas, The Screenworks, and most particularly the many volunteers throughout the course with hoses, water stops, traffic control and start-finish line crews.

The success of this race over the years is a direct result of "A total town effort". We appreciate your help and cooperation as do the recipients of the more than $4,000.

Letters to the Editor

LETTER TO THE EDITOR

As members of the "group of well-meaning citizens" previously alluded to in a letter to the editor, we feel several things need to be clarified regarding the up-coming town meeting and (hopefully) special election on the reconsideration of the override regarding the elementary and regional high school budgets.

The impetus behind this move to reconsider the article for the elementary school budget was only a desire to preserve the high quality of the educational system in Mattapoisett. The fact that the original article was defeated by only 19 votes (about 1.5% of the votes cast) led us to believe that apathy among the voters who should be concerned about the quality of their children's education had as much to do with the outcome of the vote as concern about rising property taxes. This is not anarchy. This is not an attempt to "insult people" or "to tell them we know more than they do". While we strongly support the town's recreation program, the margin of the defeat showed clearly that the town does not support it, and no attempt was made to reconsider it. A 19 vote margin is not a clear indication of the town's feeling on this issue. At a recent meeting of the

local school committee, the budget was reviewed, and through cuts and transfers of funds, the amount of the override was reduced from about $95,000 to $47,451 (although on the ballot the larger amount will appear, only the lesser figure will be assessed if approved by town meeting, which would amount to an increase of 8.6 cents for every $1,000 of assessed value on a home.)

People in town always refer to Mattapoisett as "special", but in talking with people from outside of town, the one thing referred to as truly setting us apart from the other communities in the area is what a wonderful school system we have. We believe we do, and do not want to see yearly erosion from budget slashing cause us to lose this unique asset. Please come to the town meeting on Monday, July 29th, and please vote to maintain the quality of our education on Tuesday, July 30th.

Mark and Kathryn J. Mahoney
Mattapoisett

LETTER TO THE EDITOR

Tuesday, July 29th, at a special town meeting, and Wednesday, July 30th, at the polls voters of Mattapoisett will be asked to take a stand and to vote for education for their kids. With the recent reductions in the budget by the Old Rochester Regional School Committee, citizens of Mattapoisett are being asked to raise and appropriate the amount of $90,000 (an increase of $.163 per 1,000 of assessed valuation on the tax rate).

There is the possibility of reducing this amount by $29,000 (monies returned to the town by the ORR School Committee) if the town applies this figure to the regional budget. If the $29,000 is applied the net amount needed for an override would be $61,000 (an increase of $.11 per 1,000 of assessed valuation on the tax rate). The question on the ballot will still ask for the $90,000 but the townspeople will be assessed at the figure the town meeting decides, $90,000 or $61,000.

If this override does not pass are we prepared to face 535 regional students with $237,000 in cuts to their programs.

Remember to vote July 27, 7:00 p.m. at a special town meeting, and July 30, 10 a.m. to 8 p.m. at the polls.

Mattapoisett Council on Aging

The Council on Aging would like to consider the possibility of setting up a "Time Credit Bank" for volunteers. This is an idea that is being explored and discussed nationally, to assist people in need of service by providing volunteers.

The volunteers in turn would receive "credit" for their time. In return, if the volunteer should need help at some point, they would be entitled to help.

Transportation in the early 1900s

CHAPTER X, Jennie Hiller Ludman

There were a number of methods of transportation in the early 1900s before automobiles became the popular way to travel short distances. Many homeowners had their own horses with open wagons for carrying baggage and 1 or 1-seated buggies for family use which they drove to church on Sunday. Open stalls were built beside the churches so the horses were comfortable and protected when their owners were in meeting.

Horses were a valuable asset in times of illness since the nearest hospital was 7 miles away in New Bedford. Uncle Thomas Luce and his fast horse "Molly" got to St. Luke's Hospital in New Bedford in record time when Uncle Lilburne Hiller had an attack of appendicitis that required surgery. A week to ten days later, the horse "Molly" brought my uncle home where he soon gained back good health. I had been invited for the ride and I recall that journey as a pleasant and social one - the 7-mile ride presenting no problems. The trip was comfortable for my uncle since the 2-seated buggy was piled with pillows and blankets and a quilt.

The Electric Automobile: a small percentage of cars built in the early 1900s were electric. Our cousins in Fairhaven purchased one about 1908 and drove it to Mattapoisett (a 6-mile trip) for an afternoon visit. The car had no top and my father remarked it would be uncomfortable in the

rain. The motor was driven by batteries and the driver hoped there was enough power to take him and his wife back home. I remember the unusual steering gear. Not a wheel, but a long curved rod with a handle coming through the floor to the driver's hand.

In those days there were no macadam roads; wherever a car drove there was a cloud of dust. The men wore lightweight, washable suits because the dirt roads stirred up so much dust that clothing had to be washed often. The women wore long cotton coats that reached the ground and became known as "dusters" - a necessity when traveling by auto. These cars made little noise and were clean, no exhaust.

Another means of travel in those days was the steamship. A trip to New York was quite easy for Mattapoisett residents. One could board the night boat in New Bedford at 5 p.m., engage a stateroom for $5. or $6., order a fine dinner in the dining room, and arrive in New York City at 7 a.m. Business men were able to work in New York during the week and spend weekends with families in Mattapoisett. Similar steamship service was also offered from Fall River to New York.

Another way to travel to New Bedford was via the Fairhaven Ferry Boat. Cost a ticket - 5 cents. This method was particularly helpful to our neighbors in Fairhaven.

Our fastest and most enjoyable traveling was on the electric trolley which ran from New Bedford through Mattapoisett and about 25 miles further east to Onset. The cars came through town every hour. They were attractive, comfortable and accommodated about 40 riders. I went to Fairhaven High School for 4 years riding the trolley every day. The summer model was pleasant because the long settees went completely across the aisle. Five people could sit on one. It was an open air car so you could enjoy the fresh air. The winter model was heated and enclosed with seating on either side of a center aisle. The conductor collected two fares of 5 cents each from our town to New Bedford, about a 45 minute ride.

In the early 1900s there was an excellent method of travel to Boston and return the same day if desired. This was the railroad.

Passenger trains ran from 7 a.m., arriving in Boston about an hour later and one could return to Mattapoisett about 5 p.m. Business men and women and students took advantage of this service. I recall boarding the morning train with my bicycle, buying a ticket to Marion for 10 cents and getting my bicycle checked at no extra charge. That was about a 20-minute ride.

As far as boats are concerned, besides the passenger boats, there were always schooners docking at the wharf in Mattapoisett. They carried coal, wood, and, in the summer, ice. In addition to these, there were the various fishing boats.

Small passenger day boats offered a special attraction to families during July and August. These two-decker attractive steamers carried local residents from New Bedford to the Elizabeth Islands, stopping long enough for passengers to go ashore, eat their lunch which they brought on board, plus a couple of hours to watch the Indians make their wares to sell. The return trip to New Bedford was a restful one with music from a small orchestra.

My uncle, Thomas Luce, had a sleigh and he would hitch up his horse "Molly" to the sleigh for a fast trot on the snow. It snowed seldom as the salt air prevented too much snow. I held my breath when I rode in Uncle Thomas' sleigh because "Molly" trotted so fast. I must have been about 6 years old. I recall a small bearskin robe was used to keep out the cold. It was an open sleigh with one seat and I sat next to Uncle Thomas.

NEW BLACK EAGLE JAZZ

The 20th Annual New Black Eagle Jazz Concert will be held Saturday, August 3rd, at 7:30 p.m. at the Heritage Plantation of Sandwich. The band delivers a generous serving of warm, tasteful New Orleans style jazz. The rain date is Sunday, August 4th.

The Black Eagles are not merely a "revivalist" band, nor do they simply try to re-create verbatim the classics of yesteryear. Each of the seven members of the group has a strong musical personality, which can be expressed either individually or as one voice of the rich and varied ensemble choruses the Black Eagles are famed for. This enables the band to treat songs from the 1920s with new insights, always keeping the music fresh and invigorated.

One of the hallmarks of the Black Eagles has been its huge and diverse repertoire. The band has long been a pioneer in researching and performing some of the less familiar music of the classic jazz era. Currently consisting of over 600 tunes, the band's songbook not only includes numbers by the early New Orleans masters-King Oliver, Louis Armstrong and Jelly Roll Morton-but also the music of Duke Ellington, Fats Waller, and even some originals.

The Grammy-nominated band members have been together since 1971, relaxing after their various daytime jobs as computer engineer, pediatrician, architect, electronics consultant, psychologist, advertising executive and faculty members of the Boston

EXHIBITION OF PAINTINGS

An exhibition of oil paintings by P. Long Island Sound and its ever-changing light effects, coves and inlets has become an endless source of inspiration towards the naturalism and light play of Layne's style.

Layne was first handed a paint brush by his father at the age of eight. paints from powders and preparing oily-resinous mediums, as well as framing his own works and adding hand finishes to his frames. Layne has involved himself in the entire painting process from an early age, working through the problems of art and emulating the Renaissance experience, which clearly glows throughout his work.

Mr. Arguimbau exhibits his works in galleries up and down the eastern seaboard. He is currently being shown at The Hermine Smith Gallery on Martha's Vineyard, the India Street Gallery on Nantucket, the Mystic Seaport Gallery, The Noroton Gallery in Darien, the Barker Gallery in Palm Beach, the Wetherholt Gallery in Washington, DC, and others. His paintings are in the permanent collections of King Carlos of Spain and Prince d'Avalos Naples, Italy plus several museums.

The galleries at the Marion Art Center are open to the public Tuesday through Friday, 1 to 5 p.m., and Saturday, 10 a.m. to 2 p.m. There is no admission charge. The one-man exhibition runs through August 21st.

State University and plays bass professionally for symphonies and small performance groups. In past years she was orchestra director at New Bedford High School, guest conductor at several student music festivals, a musician in area symphonies and director of Acushnet Classic Ensemble 1990. This year we are fortunate to have Rick Faria as woodwind instructor and Aaron Farrell as string coach.

Questions concerning Acushnet Classic Ensemble may be addressed to Mayfrid Paul at 995-8355.
